Bob,

In light of challenges to meet with folks here, I am sending you my mark-up of the memo, which has removed me/DOJ as a co-author. As I mentioned, this has also removed references to the SEP items since those are really not pointedly the topic of this meeting and we already have the key contact at HQ, Makepeace, signing off on those. I'll let know if we are able to connect with Henry and others, but if not, maybe the best course would be to send this document as a Region 4 memo, perhaps on your official letter head?
